President's Spotlight

The recent news coverage of the deplorable actions at Wells Fargo provides yet another telling example of why big banks cannot be trusted. Consumers deserve better. Our country deserves better.

I shared my perspective in more detail in my recent [blog post](#).

Time and again, I am reminded of why credit unions exist. Rest assured that all actions here at Day Air Credit Union are undertaken with your best interests at heart. Day Air's mission statement is to enhance the financial well-being of our members. We try our best to live up to that mission every day.

Thank you for being a member of your credit union. If you have any friends or relatives banking at Wells Fargo or another "too big to fail" bank, please send them our way. In this issue, we highlight just some of the many products and services we offer to help your financial well-being.
