Day Air Credit Union Named as One of the Top 200 Healthiest Credit Unions in the United States.

Kettering, Ohio, June 2, 2018 – Day Air Credit Union has been named one of the 200 Healthiest Credit Unions in a financial health study conducted by DepositAccounts.com, the largest and most comprehensive online publication in the U.S. dedicated to banking/savings information for consumers.

DepositAccounts.com evaluates the financial health of over 11,000 banks and credit unions in the United States once per quarter. To determine bank ranking and recognition, DepositAccounts.com grades each institution on a number of factors, including capitalization, deposit growth, and loan-to-reserve ratios.

Day Air Credit Union has been recognized among the nation's 5,743 federally insured credit unions receiving an A+ health rating, a score only 11% of financial institutions in the nation receive and was ranked #66 out of the 200 healthiest.

"We are proud to receive this honor," said Bill Burke, Day Air Credit Union President, and CEO. "We are committed to enhancing our members financial well-being, and this is another testament to that commitment."
