Day Air Credit Union Reports Associate Promotions and Growth Amid Coronavirus Pandemic

Kettering, Ohio, August 28, 2020 – Day Air Credit Union, the largest financial institution headquartered in Montgomery County, is pleased to report continued associate growth amid the Coronavirus Pandemic. Day Air has expanded its service teams and made several internal promotions to continue its effort to provide members with a better banking experience during these uncertain times.

“As one of Dayton’s Best Places to Work, Day Air is committed to attracting and retaining premier talent, by providing terrific benefits and numerous career growth opportunities,” said Bill Burke, President, and CEO. “Our robust associate career development and training opportunities are the reason we’re nationally recognized as a premier credit union and ensure our members receive a better banking experience each day.”

Since the beginning of March, Day Air has added five full-time associates and eclipsed having 100 total associates for the first time in its history. Additionally, Day Air’s emphasis on training and development programs for associates has resulted in the promotions of more than ten Day Air associates. Both the growth and addition of Day Air associates have led to an increasingly well-rounded member-service team, resulting in an even better member experience.

Day Air plans to continue adding enhancements to its associate growth and development programs in 2020 and is looking to add even more associates. To learn more about the available opportunities at Day Air Credit Union visit dayair.org/careers.
